Item 4 – Advisory Services

A. Firm Information

InvestPlex LLC (“InvestPlex” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”) conducting business as an “Internet-only” advisor pursuant to Section 203A-2(e) of the Investment Advisers Act of 1940, as amended (the “Advisers Act”).

InvestPlex is organized as a Limited Liability Company (“LLC”) under the laws of the State of Florida. InvestPlex was founded in March 2016, and is owned and operated by Jorge A. Betancourt Carreno (Managing Member and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by InvestPlex.

The Advisor serves as a fiduciary to Clients, as defined under applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

B. Advisory Services Offered

InvestPlex provides an interactive website (www.investplex.com, herein referred to as the “Site”) that empowers subscribed Users (each a “Client”) to utilize its online tools and methodologies to create and self-manage a low-cost investment portfolio. Through the Site, the Client can define the appropriate investment portfolio that aligns with their investment goals, time horizon and tolerance for risk. The Client can leverage the Site to implement their tailored institutional investment process:

1. Investment Policy Statement (“IPS”)
2. Strategic Asset Allocation
3. Investment Product Selection
4. Monitoring and Rebalancing

InvestPlex Investment Philosophy

InvestPlex applies Modern Portfolio Theory (“MPT”) when building portfolios. Rather than looking at the risk (volatility) of an individual exchange-trade fund (“ETF”), InvestPlex software analyzes how adding that ETF contributes to the volatility of the overall portfolio. The idea behind this is to select ETFs with prices that move differently under the same market conditions (this is called low correlation).

InvestPlex monitors the Client’s investment selection 24/7 and recommends adjustments depending on the degree to which the Client’s current asset allocation has drifted away from its target asset allocation. The InvestPlex algorithms will maintain the portfolio’s risk level close to your own level of risk tolerance.

InvestPlex does not manage Client investment assets and does not have access to Client investment accounts. Clients are responsible to implement their investment portfolio and any recommendations provided by the Advisor. Clients are not required to implement their investment portfolio following the advice provided by InvestPlex.

Limited Access to Advisor

The Advisor serves as an “Internet-Only” investment advisor pursuant to Section 203A-2(e) of the Advisers Act. Under this registration the Advisor provides its investment advice solely through its interactive website. Pursuant to regulations, the Advisor is not available to Clients for telephone conversations or communications through other means such as U.S. mail, courier or email (other than operational emails). The Advisor does not meet with Client’s at its offices or any location. All advice, support and inquiries are delivered through the Advisor’s website.

The Advisor may, for a limited number of Clients annually, provide customized services, subject to the limitations set forth in Section 203A-2(e) of the Advisers Act.

C. Client Account Management

Prior to engaging InvestPlex to provide investment advisory services, each Client is required to enter into an Investor Services Agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. The Client is responsible for all custody and securities execution fees charged by their selected broker-dealer/custodian. The subscription fee charged by InvestPlex does not include investment management services or any custody and execution fees.

In addition, ETFs have an internal expense ratio. These fees and expenses are described in each ETF's prospectus. These fees and expenses will generally be used to pay management fees and operating costs for the ETF. InvestPlex does not share in any of these fees.

When trading for personal accounts, Supervised Persons of InvestPlex may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. InvestPlex does not trade in Client accounts, which mitigates this conflict.
